What You Don't Know About **Community Colleges**

There's no one-size-fits-all future for every student. That's why at community colleges in the Inland Empire/Desert region, your students will find bold paths custom-built for their unique needs and dreams.

Whether they want to transfer to a four-year university (and save big on tuition!) or launch right into a rewarding career, our community colleges have got your learners covered.

Career Education: **Real-World Learning** => **Real-World Jobs**

Did You Know?

Career education students are **READY** for their futures by training with industry professionals, practicing on state-of-the-art equipment, and taking advantage of competitive internships and apprenticeships. **Like Ignacio, many of our community college students land high-demand, high-wage jobs before they even graduate!**

“A year ago, I was on the bus to take classes because I didn't have a car. ... I just recently bought myself a truck.

I went into air conditioning because of the money... But I ended up loving what I do.”

– Riverside City College alumnus Ignacio Marin, who landed a lucrative new job after just 10 months of HVAC classes.
